

AMENDMENTS TO THE DRAWINGS

The Figures have been corrected as requested by the Examiner. In particular, reference labels and numbers called out in the detailed description have been added to the Figures where appropriate. In addition, the labels of boxes 20 and 60 of Figure 1 were corrected to match the detailed description. Also, dashed line boxes were added to show galvanometer 10 (Figure 1) and position calibration system 60 (Figure 2) to correspond with the detailed description. Figure 4 was corrected to include the reference numbers inside (as opposed to outside) the various elements being referred to by the detailed description.
